

Dear Members of the Human Services Committee of Connecticut General Assembly:

My name is Deicy Arias.

I believe that a real marvelous change will occur if this bill is passed. It is necessary that, alongside being able to have employment and earn money, we are able to access good medical services. This legislation is very important for having good health services and so that we can care for us and our lives, our health. If they approve this law, it will be marvelous, with God's blessing.

H.B. 6616 has my full support.

Thank you for your time,
Deicy Arias
